

CHEMEX

RINZA

Spot-Free Rinse Additive

A premium rinse additive for streak-free finish. Designed for automated dishwashers, aids drying process to ensure spot-free dishes. Sparkling finish for dishes, cutlery, and glassware. Septic tank safe, when used as directed.

Directions

Commercial automatic glasswash machines: dose via an automatic pump at a ratio of 1:1000 (0.1% solution, 1ml per litre) to rinse water. Warewash units: use at a ratio of 1:400 (0.25% solution, 2.5mls per litre) to potable rinse water. Domestic applications: fill the rinse-aid dispenser. For optimum results refer to manufacturer's settings.

MPI APPROVED C31 (All animal product except dairy)

Before use, all edible product and packaging material must be removed from the room. After using this compound, food surfaces must be thoroughly rinsed with potable water before production starts.
