CLEAR VAP

Evaporating Hand Sanitiser

Powerful alcohol-based, fast evaporating hand sanitiser, that leaves your hands feeling hygienic and fresh. Sanitise your soap-washed, dried hands in one easy step. It can also be used between washes to maintain high hygiene levels.

Directions

This is ready to use product. Dispense 2-5ml of Clear Vap directly onto washed, dried hands. Rub your hands together until dry, ensuring all areas are covered. This should take around 20 seconds.

MPI Approved C54 (all animal product except dairy)

This may be used as a hand sanitising compound in all areas. The compound must be supplied from a fixed, metered dispenser located a sufficient distance from the processing line to prevent product contamination. Before the sanitiser is applied, hands must be clean. This includes washing the hands where necessary. After use, the hands need not be rinsed but must be dry before the operator returns to the processing line.

- **POWERFUL SANITISING GEL**
- **QUICK DRYING FORMULA**
- **KILLS OVER 99% OF KNOWN MICROBES**

PROPERTIES

APPEARANCE	Colourless Viscous Liquid
