

CHEMEX

PROWASH LAUNDRY POWDER

Extra Heavy Duty Laundry Powder

Powerful, low-suds laundry powder with extra grease-cutting capability for use on commercially soiled garments such as greasy overalls, floor mats and rags.

Directions

FOR GENERAL COMMERCIAL WASHING use at 130g per 10kg dry weight laundry.

FOR GREASY OVERALLS use at 200g per 10kg dry weight laundry. Dissolved solution only should be used with any garment cleaning - do not add powder directly to fabrics.

MPI Approved C33 (All animal products except dairy)

If treated fabric directly or indirectly comes in contact with edible product, a thorough rinse with potable water must follow the laundering process.
