CHEMEX

SUPER CITRUS

Cleaner and Disinfectant

A powerful cleaner disinfectant with pleasant citrus fragrance. A combination of excellent antimicrobial properties, surfactants and mild pH, makes it safe and effective on a wide range of surfaces. Septic tank safe, when used as directed.

Directions

Dilution rates depend on level of soiling. Light to medium soiling: dilute at ratio of 1:100 - 1:50 (1-2% per litre of water, 10-20ml per litre) with clean, fresh water. Heavy soiling: dilute at ratio of 1:20 (5% solution, 50ml per litre) with clean fresh water. Apply by spray, or with clean cloth and distribute evenly over the whole surface. Allow a minimum contact time of 10 minutes, rinse and dry if required. To use as toilet cleaner apply undiluted.

Good Practice

Under Good Practice Protocol, diluted solution of this product as stated provides general biostasis using internationally recognised antibacterial agents with a recommended minimum contact time of 10 minutes. At 1% concentration this product provides 92 ppm of QAC.

MPI Approved C32 (All animal product except dairy)

This may not be used in edible areas. The perfume must not be used to mask the odours of unsanitary conditions. This compound must be used in a manner that prevents the perfume invading any edible area.
